Readi-Power™

Residents of Shadow Wood Community Association:

Power outages are unpredictable and could put your home security at risk. Be prepared with a backup plan to help protect your home’s security from these outages and choose a company that specializes in power generation. Receive peace of mind with stable and reliable power for you and your family with Readi-Power by FPL Energy Services.

*Listed below is a package deal assembled for the residents of the Shadow Wood Community Association. This package is for a home with one electrical panel. A residence with two electrical panels will simply need to add a second transfer switch (at an additional cost). This is a basic system to keep a residence powered up in the event of a power outage.

*All the basic lighting, receptacles, refrigeration and up to two air conditioners (depending on unit size) will be able to run simultaneously with the assistance of the load shed devices. Customized quotes are available with all size generators and can be increased to a liquid cooled unit if desired to meet all your specific needs are free.
