

April 22, 2019

To All Residents of Neighborhoods Without Natural Gas:

This email announces the opening of the voting window for you to indicate if you want to participate in the initiative to bring natural gas into your home. To proceed to the voting website, which utilizes Survey Monkey, please [click here](#). The voting window will be open through 5 PM on Friday, May 3rd.

If you have not already done so, we want to again **strongly urge that you attend one of the remaining Town Hall meetings**. The information that will be presented will allow you to decide if you want natural gas installed in your home or not. If all 517 homes would choose to participate, the TECO installation cost would be only \$2,353 per home. As fewer homes choose to be connected, the cost per home will increase proportionately. **We need at least 50 % participation, or the project will not go forward** (at this level of participation, the cost per home will rise to \$4,706).

We hope you will also encourage all your neighbors to attend one of the meetings.

The schedule for the remaining Town Hall meetings is as follows:

- Tuesday, April 23 at 1:30 PM and 3:30 PM
- Wednesday, April 24 at 10:30 AM
- Thursday, April 25 at 1:30 PM and 3:30 PM

Please call (239/948-4900) or email Marianne Hardy (admin@swcahome.com) at the SWCA Administrative office to reserve your preferred time of attendance.

If for some reason you are unable to attend one of the Town Hall meetings, we have posted all the information that has been developed and presented on the SWCA website. To view that information, please [click here](#).

Based on the feedback to date, we are cautiously encouraged that we will meet and exceed the 50% participation requirement to continue with project initiation.

Thank you for your consideration of this opportunity to increase the desirability of Shadow Wood as a preferred gated community here in Southwest Florida and to enhance the value of our homes.

The Natural Gas Study Team
